## Introduction

The information contained here is a list of members of your club. It is intended to give quick reference to annual Club events and limited information on Zone, and District Meetings, Conferences and Conventions.

**A member is placed on the active list** when he has attended at least one meeting and/or participated in projects during the preceding year. A dues paying member not meeting this criteria is considered “An Inactive Member”. Categories of inactive members are listed as follows:

**Member At Large (MAL)** not able to attend meetings, must be approved by the board every 6 months.

**Affiliated Category** is for members who, because of health or job, aren't able to make meetings, but would still like to be members. Generally available for projects.

**Privileged Category** is a member with over 15 years as a Lion and not able to attend meetings.

**These categories must be requested by the member.**

If you feel one of these categories fit your present situation contact the President or Secretary for more information. Keep in mind, of course, your presence is desired at every meeting. This is your Club and your ideas and hard work have made us the best club in the Northwest.

A Lion in who has let his/her dues lapse more than 12 months without cause, will not be listed in the Lion Roster Book and can be dropped from the club.

**An Associate member** is also a member of another club where he or she pays dues.

## **Attendance and Participation**

**Attendance is an important part of being a lion. At meetings project sign-up sheets are passed around, new projects are discussed and voted on. You can't pass on your obligation to the members who regularly attend.**

**You are a Lion, and it is your responsibility to know what your club is doing and be available to participate. Members who continue 'in name only' do a disservice to themselves and their Lions Club.**

**Please attend meetings whenever you can.**

**Meetings can be made up by;**

**Attending any meeting at another Lions Club.**

**Attending a local Board Meeting,**

**Attending, Zone, Regional, district, or National Meetings,**

**Participating in Club projects and activities.**

**Members can be excused from meetings, at the discretion of the club, due to work, illness, military duty, or other occurrences, when they conflict with meetings.**

**Missing meetings doesn't excuse the member from participation in ongoing or future projects.**
